

Community Leader Award 2010

Wood *WORKS!* BC is proud to open nominations for the 2010 Community Leader Award. The forest products industry is widely recognized for the significant contribution it makes to our economy -- indeed, it is vital for the prosperity of communities around our province. The Community Leader Award will be presented to a community that has been exemplary as an advocate for wood. This may be demonstrated through the specification of wood in a community project and through visionary initiatives that work toward building a community culture of wood. A nominated project is one that has been completed in the past three years, or is currently under construction.

Please complete the following form and submit it to Wood *WORKS!* by August 31, 2010.
